Needs and Uses: The Commission adopted on December 20, 2006 a Report and Order In the Matter of Implementation of Section 621(a)(1) of the Cable Communications Policy Act of 1984 as amended by the Cable Television Consumer Protection and Competition Act of 1992 (“R&O”), FCC 06–180, MB Docket 05–311. This R&O provides rules and guidance to implement Section 621 of the Communications Act of 1934, as amended. Section 621 of the Communications Act prohibits franchising authorities from unreasonably refusing to award competitive franchises for the provision of cable services. The Commission has found that the current franchising process constitutes an unreasonable barrier to entry for competitive entrants that impede enhanced cable competition and accelerated broadband deployment. The information collection requirements adopted as a result of FCC 06–180 are as follows:

47 CFR 76.41(b) requires a competitive franchise applicant to include the following information in writing in its franchise application, in addition to any information required by

applicable state and local laws: (1) the applicant's name; (2) the names of the applicant's officers and directors; (3) the business address of the applicant; (4) the name and contact information of a designated contact for the applicant; (5) a description of the geographic area that the applicant proposes to serve; (6) the PEG channel capacity and capital support proposed by the applicant; (7) the term of the agreement proposed by the applicant; (8) whether the applicant holds an existing authorization to access the public rights-of-way in the subject franchise service area; (9) the amount of the franchise fee the applicant offers to pay; and (10) any additional information required by applicable state or local laws.

47 CFR 76.41 (d) states when a competitive franchise applicant files a franchise application with a franchising authority and the applicant has existing authority to access public rights-of-way in the geographic area that the applicant proposes to serve, the franchising authority grant or deny the application within 90 days of the date the application is received by the franchising authority. If a competitive franchise applicant does not have existing authority to access public rights-of-way in the geographic area that the applicant proposes to serve, the franchising authority must perform grant or deny the application within 180 days of the date the application is received by the franchising authority. A franchising authority and a competitive franchise applicant may agree in writing to extend the 90-day or 180-day deadline, whichever is applicable.
